

## Gift Card Holder

Designed by Fran Sabad

1. Cut a piece of card stock 4 1/4 x 5 1/2 for the base of the card.
2. Cut a piece of card stock 4 x 10 1/4 for the top of the card and score it at 5 1/2"
3. Use the slit punch and push it up as far as it will go on the short end of the 5 1/2" section to make a slit. Now cut this piece of card stock to 10" - cutting off paper just below the slit.

4. Put adhesive on the back of the top piece (white) making sure not to cover the slit (or it won't open!)
5. Decorate the front and add a gift card to the inside! *Note—I've found that it is easier to just adhere the cards with mini glue dots on the upper two corners. You can use the slit punch on the sides if you'd like—but the mini glue dots are SO much easier!*
