1. Score both pieces of card stock at 1 3/4" on all 4 sides.

2. Scallop all 4 sides of the Ruby Red piece of cardstock. Wheel the Bold Snowflake in Ruby Red ink on the Ruby Red card stock.

3. Cut the tabs at the score line on each long side of your scored pieces of card stock and fold.

4. Place Sticky Strip on one long end of your Ruby Red card stock.

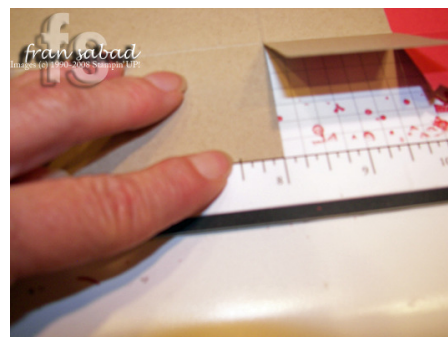

5. Adhere to your Kraft piece— matching the end of the Kraft piece to the score line on your Ruby Red piece.

6. Cut the front tabs at an angle toward the front flap (see diagram)

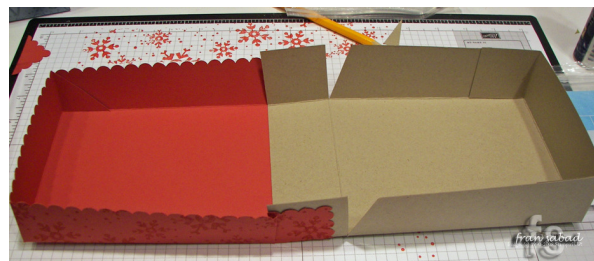

7. Mark in a 1/2" inch on the Kraft card stock (just below the attached pieces) and cut in toward the attached pieces.

8. You have now trimmed these four angles!

9. Adhere the top (front) and bottom tabs—leave the middle loose. Your box should look like this!

10. Use the left over pieces from your Handmade Holiday Kit to decorate!
